

**Abstract:**

**The Equity Risk Premium: The Portuguese Carnation Revolution and the Lisbon Stock-Exchange**

**José Rodrigues da Costa** (CMVM)

**Maria Eugenia Mata** (FE-UNL)

There have been many studies on cost of capital, not only in the USA but also along Europe and the world. This paper is pioneering the Portuguese case in discussing how joint stock limited liability companies reacted to the political environment in Portugal, in the period following up the Carnation Revolution.
